Master Choa Kok Sui : Miracles Through Pranic Healing before purchasing it in order to gage whether or not it would be worth my time, and all praised Miracles Through Pranic Healing:

First published in 1988 under the title The Art and Science of Pranic Healing, this book introduces the reader to the concepts of Pranic Healing, how it started, and how it has been developed and systematized by Master Choa Kok Sui. The book discusses the various concepts of prana (life energy) and how it affects our daily lives in a very easy-to-grasp manner. Master Choa Kok Sui also explains how congestions and depletions in our energy body affect our health and way of life. A landmark book in the field of energy healing, Miracles Through Pranic Healing bridges the gap between traditional and alternative medicine, and aims to educate people about the importance of using both to their advantage. The books also includes testimonies from patients and students who have seen the tremendous effects of harnessing prana and using it to deal with both simple and complicated illnesses. It has been translated into over 30 languages, which has helped Pranic Healing spread throughout the world and help a large number of people. For those who are just starting or are curious about various energy healing modalities, Miracles Through Pranic Healing is a great place to start.
